HOSIE RICE LLP SAN FRANCISCO

TRIAL LAWYERS BY PREFERENCE AND DESIGN

The lawyers of Hosie Rice LLP try and win difficult cases. In the past two decades, we have recovered billions of dollars in intellectual property, commercial disputes, antitrust, energy, and business tort cases. We run a plaintiff-oriented docket, with an emphasis on intellectual property and complex commercial litigation.

We are trial lawyers by preference and design. We like to try cases. We represent inventors, emerging technology companies and investors. We understand technology and we understand how to make technology clear to judge and jury alike.

Our practice is nationwide. We have one of the most active intellectual property and complex commercial litigation plaintiff dockets of any firm in the country.

Our senior partner, Spencer Hosie, has been consistently named to the Northern California Super Lawyers list for intellectual property and antitrust litigation. Hosie has a Martindale-Hubbell peer review rating of AV Preeminent, and has been profiled by *The National Law Journal* as one of the 10 most influential lawyers in America. He is a fellow of the Litigation Counsel of America. Over his career, he has recovered in excess of \$2 billion for the firm's clients.

Co-founder and partner, Diane Rice, is a trial lawyer who has more than 25 years of complex litigation experience trying high-profile cases throughout the United States. For over a decade, she was a litigation partner at Brobeck, Phleger & Harrison, and for several years led Brobeck's products liability and life sciences group. The skill and insight she brings to cases is based on her broad experience representing both plaintiffs and defendants, individuals, emerging tech startups, as well as Fortune 500 companies.
